

## FOR IMMEDIATE RELEASE

### Cemtek Environmental Has Acquired KVB-Enertec

California – March 2018 — Cemtek Environmental is extremely excited to announce that we have acquired KVB-Enertec! KVB-Enertec is a Continuous Emissions Monitoring Systems (CEMS) and Data Acquisition and Handling Systems (DAHS) industry leader for over four decades operating in Hatfield, PA. This acquisition will allow Cemtek to offer a wider, more dynamic range of products and services and will enable growth in the emissions and gas monitoring for compliance and process improvement market place. The integration of both operations will ensure that all clients receive exceptional support, fast response times and first-rate products.

### Cemtek KVB-Enertec

With the addition of KVB-Enertec, Cemtek will now supply one of the best Part 60 and Part 75 DAHS and will allow Cemtek to be more competitive in the Emissions Monitoring Industry. This will enable us to provide a superior level of support for the Cemtek KVB-Enertec DAHS. Cemtek is committed to investing in research and development to add features and upgrades to the DAHS product while improving service and support to all of the existing and new DAHS clients.

Cemtek Environmental, Inc., a division of Cemtek Group, which includes Cemtek Systems and Cemtek Instruments is a leading supplier and integrator of custom engineered Continuous Emissions Monitoring Systems, Process Analytical Systems and provides support for compliance and non-compliance applications.

We warmly welcome KVB-Enertec and their clients into the Cemtek family.

We look forward to serving you as Cemtek KVB-Enertec from today forward.
